PROFILE SUMMARY

I'm a dedicated full-stack web developer with a strong emphasis on front-end development, boasting over nearly a year of professional experience. I've dabbled in various roles, from being a React Developer Intern to a Part-Time Research Assistant, where I honed my skills in UI development, research methodologies, and data analysis. Currently, I'm fully immersed as a Junior Software Developer at Ackaya Tech, where I bring Agile Scrum expertise to the table, focusing on frontend development and AWS cloud services. With a knack for teamwork and a drive for continuous learning, I'm committed to pushing boundaries and delivering exceptional results in every project I undertake
